Main questions:

1. In organising the IAEVG conference in your region, what was your key *aim*?
2. How far did the conference focus on the distinctive *cultural contexts* of your country and your region of the world, and what was the main *challenge* you faced in this respect?
3. What was the *added value* of holding the conference under IAEVG's auspices?
4. What has been the *legacy* of the conference in your country and region?
5. How does IAEVG support or empower career professionals and career development in your country?

In addition participants would also be asked to comment on the links they see to the conference themes of the 2012 conference on social justice, prosperity and sustainable employment.
